PROJECTS

Banking System I made simple banking system. I stores many accounts and their details such as : Name, Bank Balance, Deposit and Debit History. User can also make changes in his bank balance such as by depositing and crediting money. These things also reflects in data when requested by user.

Library Management System Library Management System, this project build on Java is a great way to update the record, monitor and add books, search for the required ones, taking care of the issue date and return date. It comes with basic features like creating a new record and updating and deleting it.

EXTRA-CURRICULAR ACTIVITIES

- **NSS** The aim is to provide students with opportunities to participate in societal development while developing their own personality and skills. The NSS also emphasizes the importance of the youth's contribution to the welfare of society. I have engaged in a variety of activities designed to instill a sense of social responsibility and community service.
- **NCC** In the National Cadet Corps (NCC),I have learnt a wide range of skills and values that are both practical and discipline-oriented. The NCC aims to develop character, comradeship, discipline, leadership, secular outlook, spirit of adventure, and ideals of selfless service amongst young citizens. It also provides a suitable environment to motivate the youth to take up a career in the armed forces .

VOLUNTEERSHIP
