# VIMAL KUMAR

### **Aspiring Java Developer**

📞 7889032703 🍳 vk7889032@gmail.com 🕜 https://www.linkedin.com/in/vimalkumar6262 💡 Amritsar, Punjab

### SUMMARY

I am a highly motivated Computer Science student passionate about backend development and eager to apply my skills in an innovative and dynamic team. My technical expertise includes Java, Spring Boot, and REST APIs, complemented by practical experience through hands-on projects. I aim to contribute to impactful software solutions while continuing to learn and grow in the technology field

#### **EXPERIENCE**

#### Intern

# **CSRBOX Foundation**

**=** 06/2024 - 08/2024 Amritsar, Punjab

IBM SkillsBuild Summer Internship focused on data analytics

· Completed a 6-week program on data analytics including hands-on tasks in visualization, analysis, and data storytelling

# **EDUCATION**

#### B.Tech in Computer Science and Engineering

I.K. Gujral Punjab Technical University

## **LANGUAGES**

**English** Hindi Proficient Proficient Punjabi Proficient

#### **PROJECTS**

#### Restaurant Management System

**=** 06/2023 - 08/2023 Amritsar, Punjab

Backend system for restaurant order management

- · Developed a backend system to manage restaurant orders, menu, and billing using Spring Boot RESTful APIs
- · Implemented database integration for efficient order management

#### Student Management System

Web application for student management

- · Created a web app for managing student records with full CRUD operations
- · Implemented MySQL database for data storage

#### SmartHire - Placement System with Al

iii 12/2023 - 03/2024 ♀ Amritsar, Punjab

Al-based placement system for students

- Developed an Al-powered placement portal with resume scoring and test analysis
- Utilized Spring Boot REST APIs and Thymeleaf for the frontend

#### STRENGTHS

#### **Technical Ability**

Demonstrates strong programming skills and creativity in coding

# **KEY ACHIEVEMENTS**

#### **Restaurant Management System**

Successfully developed a comprehensive backend system for restaurant management, demonstrating strong programming skills and creativity in problem-solving

#### **SmartHire - Placement System with AI**

Created an Al-powered placement portal that integrates advanced technologies and provides practical solutions for job seeking students

#### SKILLS

AWS	AWS Lambda A			zure
